

# TRIOSAFE LS PRO

## PROTECTIVE GOWN WITH LONG ARM & INTEGRATED BELT

TRIOSAFE LS PRO is long-sleeved and provides total protection for the user's back in a safe and comfortable way. TRIOSAFE LS PRO is specifically developed to protect healthcare worker and home care staff when sampling and treating patients.

TRIOSAFE LS PRO is CE-approved acc to Regulation (EU) 2016/425 on personal protective equipment Risk category 3.

TRIOSAFE LS PRO is made of a soft copolymer polyethylene plastic. That makes the gown safe and impermeable and soft and user-friendly for the user. This material is also used for products in our other range and the material has previously been approved in surgical drapes and gowns in accordance with MDR (Medical Device Regulation) and is classified as virus and bacteria tight.

TRIOSAFE LS PRO is developed in collaboration with Swedish healthcare to ensure good user-friendliness and comfortable comfort.
